

NEON RELIC — THE VERDANT COVENANT

HAZARDOUS MATERIAL

Form VC-16 • Rev. 1987

Case ID: VC-AR-87-041

RELIC NAME The Spear of Destiny (Longinus-class lance relic)		TIER 3	CATEGORY Relic / Instrument / War Crown Surrogate	RISK TAG Catastrophic
CORRUPTION COST +3 Corruption	ARTIFACT DIE d20	EMISSION TYPE Pulse → Burst	MUNDANE APPEARANCE Ancient iron lance head on a wooden shaft, unremarkable to civilian eyes	

A Christian relic of incalculable symbolic weight.

A sovereignty amplifier and metaphysical conflict engine.

A postwar occult asset repeatedly hidden rather than destroyed.

ACTIVATION CONDITION — WHAT TRIGGERS THE ARTIFACT?

MECHANICAL EFFECT — WHAT DOES IT DO WHEN ACTIVATED?

FRACTURE — WHAT HAPPENS ON AN ARTIFACT DIE ROLL OF 1?

A public miracle/atrocity manifests (advance relic milestones); the current bearer suffers wound bloom, conviction collapse, or ecstatic command-delusion; nearby witnesses treat random violence as sacred proof; electronics fail in a widening radius and the scene becomes impossible to contain quietly.

FULL HANDLING AND TRANSPORT REQUIREMENTS

Wrap in lead-lined cloth over consecrated ash and salt. Isolate bearer from followers, witnesses, and cameras. No one may address it as relic, lance, spear, destiny, empire, victory, or instrument of God during handling. Transfer in silence under low light. Keep-led suppression rite before vehicle transport. All active claimant language shut down in containment zone. If conditions are broken, fill 1 extra shift quadrant and/or worsen one related organization.

☐ I4	Trigger – blood exposure + claim-language + contested authority	☐ I9	Appetite – wound trauma, ideological certainty, righteous violence, chosen-bearer proximity
☐ I11	Quiescence – substitute custody: shielding, silence, no claimant language, suppression rite	☐ I15	Supernatural effects: wound bloom, conviction overwrite, ecstatic obedience
☐ I16	Chosen-ruler speech transforms confrontation into legitimacy crisis	☐ I20	Proximity control required – isolation from followers and audiences
☐ I22	Missing quiescence piece – consecrated ash source needed	☐
