SECTION VI — CRITICAL INJURIES & CONDITIONS

SECTION VII — AGENT BIOGRAPHY

BEFORE THE COVENANT — WHO WERE YOU?

Electrical engineer from Hong Kong, emigrated to London in 1975. Worked for the BBC's engineering department maintaining broadcast towers across southern England until a transmitter she was repairing near Dover started receiving signals from 1923 — weather reports, shipping forecasts, a woman's voice reading names. The Covenant recruited her from the psych ward six weeks later.

SECTION VIII — FIELD NOTES
